

Pharmaxima is a family-owned CDMO (Contract Development and Manufacturing Organization) based in Milan (Italy) specialized in the development and production of **food supplements, medical devices, and foods for special medical purposes.**

We've been partnering with clients across the globe for years, offering **flexible, reliable and high-quality** manufacturing solutions tailored to their specific needs.

We produce the following products:

LIQUID PRODUCTS

SACHETS

LIQUID STICK PACKS

POWDER STICK PACKS

JARS

CAPSULES

Why Pharmaxima?

Because innovation needs the right partner.

- **Full-service CDMO:** from idea, formulation and regulatory and quality support to manufacturing
- **Specialized know-how** in supplements, medical devices and FSMPs
- **Customized product development** designed around your market goals
- **Quality, reliability and speed-to-market**
