Exhibitor Catalog: a new visibility platform

Exhibitor visibility before, during and after vitafoods

Dear Readers,

As you turn these pages, you are holding much more than a simple catalog: you are accessing a visibility platform designed to fully enhance your presence at Vitafoods 2026.

This first official edition of the *Exhibitor Catalog* has been created with a clear objective: to transform participation in the exhibition into a tangible business opportunity, extending your visibility well beyond the days of the event. More than an informational tool, it is a true strategic platform to present your brand, your products, and your positioning to a global audience.

Published entirely in English, the catalog is designed to reach international buyers, distributors, and industry professionals through a highly targeted, multi-channel distribution: as an insert in issue #2 of *L'Integratore Nutrizionale*, in digital format before and after the exhibition, and in print during Vitafoods. An integrated system that multiplies touchpoints and strengthens your market presence.

Being featured in this catalog means becoming part of a communication ecosystem that works on your behalf—enhancing visibility, reinforcing credibility, and creating valuable networking opportunities. It is an investment in the continuity of your presence, the recognition of your brand, and the ability to generate new connections.

This first edition represents a starting point, already looking ahead to the future development of the project. In this perspective, the Vitafoods 2027 Official Catalog will be a natural continuation of this journey, offering new opportunities to consolidate your presence and continue engaging with an increasingly broad and qualified international community.

The global nutraceutical event

returns bigger than ever.

Vitafoods Europe 2026

Barcelona | 5-7 May 2026

Vitafoods Europe 2026 brings together the entire nutraceutical supply chain — from breakthrough ingredients to finished products — for the biggest edition yet.

30,000

expected
industry professionals

1,600

exhibitors

4

dedicated
halls

Connect. Collaborate.

Define the future of nutrition.

Discover

Groundbreaking innovations across the supply chain, from cutting-edge ingredients to the latest in finished products.

Learn

Attend expert-led sessions, gain actionable insights and stay ahead of the latest market and product developments.

Network

Meet industry pioneers across four halls with even more opportunities to connect and grow your business.

Join the largest event in nutraceuticals

Be part of the edition shaping what comes next.

WE WIN TOGETHER.

Our Vision

Achieve economic and social equality in the global nutraceutical industry.

Our Mission

WIN offers tools, networking, visibility, and mentoring to create an environment where women have an equal place in the leadership and evolution of the global nutraceutical industry, and where they can reap equally personal fulfillment, social and economic benefits.

BECOME A MEMBER

- Expand your professional network
Boost your industry visibility
- Access exclusive events & education
- Find mentors and career opportunities
- Appear in WIN directories
- Support women in nutraceuticals

BECOME A SPONSOR

- Engage with a powerful global network
- Elevate your brand through WIN visibility
- Empower women across the industry
- Access tools, insights, & leadership opportunities
- Help shape a more equitable nutraceutical future

Let's meet where science becomes innovation

Genelife is a leading company in the production of:

Food supplements

Medical devices

Cosmetics

Foods for special medical purposes

Complementary feed for animals

Our mission is to provide clients with a top-level service, based on: **quality, safety, and innovation.**

Contact us to discover how we can build a successful collaboration together!

Founded in 2020, Genelife is part of the pharmaceutical company Genetic S.p.A.

Our business models include **CDMO**, **CMO**, and licensing out. We have a range of **medical devices** and **cosmetics** available for licensing and offer the possibility to develop and produce food supplements formulated according to the client's needs.

A **7,000 m2 production facility** with a **sterile aseptic filling area** and **15 lines**, manufacturing solid, semi-solid and liquid products across a wide range of formats

like tablets and coated tables, capsules, granulates, powder in stickpacks and sachets, monodose and multidose vials, liquid stickpacks, eye drops, ovules, suppositories, glass ampoules for aerosol and more.

Genelife's production plant complies with **high-quality standards**, including **Food GMP, ISO 9001, and ISO 13485.**

Since its foundation, Genelife has **pursued sustainability and environmental protection with determination.**

In distribution since 1926, we know what works.

Top-quality raw materials are essential – but they're just the beginning. In an increasingly competitive market, standing out takes more: it takes the right partner.

Practical, responsive, reliable. With a clear vision and the ability to turn every need into a tailored solution.

A strategic partner.

That's how we've always worked: by your side, with the expertise that makes the difference.

We bring you the right ingredients to develop effective, safe solutions that support well-being and deliver real value to your customers.

Portfolio includes:

- Branded functional actives
- Collagen
- Prebiotics
- Mineral salts
- Amino acids
- Excipients
- Liposomes
- Enriched yeasts
- Sweeteners
- Sugars and derivatives
- Vitamins
- Antioxidants
- Fibers
- Gelatins
- Proteins

**With the right ingredients — and the right partner
— standing out in nutra comes naturally.**

About Faravelli

Founded in Milan in 1926, Faravelli is marking its centenary in 2026, highlighting a century of evolution into an international group specialised in the distribution of raw materials across nutraceutical, pharmaceutical, food, cosmetic and fine chemicals industries.

Over the past 100 years, the company has maintained an independent, family-owned structure—an approach that has enabled long-term strategic planning and consistent positioning in highly regulated and competitive markets.

With in Milan (Italy), the Group employs around 170 people and operates through fully owned subsidiaries in Germany, the Czech Republic (also covering Slovakia and Hungary), Spain, the United States, and China.

with the right ingredients

Innovators in Mitochondrial Health

Growing interest in mitochondrial health is reshaping nutraceutical innovation, positioning **Kaneka Ubiquinol™** as a key foundational ingredient for brands developing evidence-driven formulations.

About Kaneka Ubiquinol™

Kaneka Ubiquinol™ is the **Mitochondrial Health Category Sponsor for Vitafoods Europe 2026** and is the trusted manufacturer and sole global supplier of clinically proven Ubiquinol. It is produced via award-winning, patented Japanese natural yeast fermentation and pharmaceutical-level manufacturing, ensuring quality, traceability and sustainability.

Mitochondrial Health

Ubiquinol is a bioactive, bioavailable form of coenzyme Q10 (CoQ10), vital for mitochondrial energy production and cellular defense. It is the only CoQ10 form with potent lipid-soluble antioxidant activity.

Across the European nutraceutical landscape and globally, there is growing interest in healthspan - not just living longer but staying healthier for longer, starting at the cellular level.

Women's Health and Beauty from Within

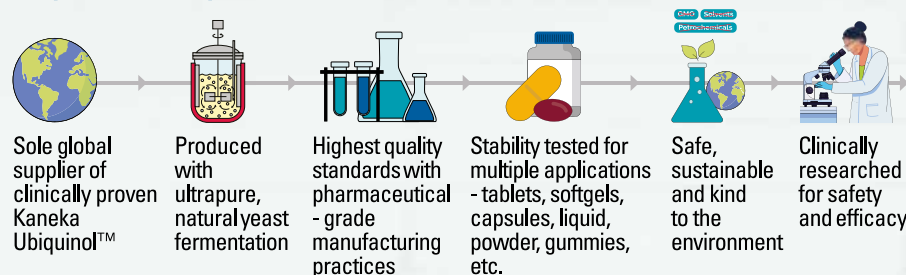

Ubiquinol supports women's health across every life stage - from preconception to menopause and healthy ageing - supporting energy, skin health, fertility, cognition, cardio-metabolic health and overall vitality.

Ubiquinol supports the skin's energy needs for continuous renewal and acts as a powerful cellular antioxidant, helping protect cells from oxidative stress - a primary cause of skin damage and ageing.

Sports and Active Lifestyle

Mitochondrial health is central to active lifestyles - whether the athlete or weekend warrior. Ubiquinol is a powerful exercise partner, powering energy production, performance and supporting recovery for sustained, active lifestyles.

Why Kaneka Ubiquinol™?

Kaneka Ubiquinol™ 100+ clinical studies, 80+ patents and 45+ years of research

Built for brandholders, formulators and marketers who mean business.

Kaneka Ubiquinol™: Your Trusted Innovation Partner

- Demonstrates high stability across multiple formats.
- Bioidentical to the ubiquinol naturally produced in the body, with greater bioactivity and bioavailability than ubiquinone.
- Supported by Kaneka's technical expertise in stability testing, dosage optimisation, regulatory guidance and go-to-market strategy.

Beyond the Ingredient: Sourcing Excellence to Power Nutrition

Within its Nutrition business, LEHVOSS Italia distributes LEHVOSS Group's portfolio of scientifically supported branded ingredients, essential nutrients, and PHARMAGNESIA® minerals across food supplements, functional foods, and animal health sectors. Driven by a commitment to science and quality, LEHVOSS Italia supports customers throughout finished product development.

Your Partner in Science-Led Raw Materials

The company delivers a comprehensive nutritional portfolio featuring **over 25 clinically researched, trademarked ingredients**, from leading global manufacturers. Among these, **OptiMSM®** stands out as a scientifically researched MSM brand noted for its purity and benefits in beauty, joint health and exercise recovery. The range also includes botanicals such as **WokVel®, Univestin®, and AmLexin™**, designed to support joint health.

For optimal cognitive function, **Longvida®** Optimised Curcumin® delivers free curcuminoids to support brain health.

Additionally, **Bacognize®** bacopa promotes both cognitive performance and sleep quality, while **Witholytin®** ashwagandha assists with fatigue and stress management.

Benicaros®, a precision prebiotic fibre, offer scientifically backed benefits for immunity and microbiome health, while **Attenutin®** aids respiratory relief and overall lung health.

Pomella® pomegranate provides punicalagins for antioxidant support, skin health and skin microbiome.

PureWay-C® offers an advanced vitamin C with superior absorption and retention.

Marine ingredients such as **Zooca® Calanus® Oil** are innovative lipid solutions, supported by research on metabolic health, whereas leading brand **Golden Omega®**

offers a range of fish oil concentrates which are Orivo® verified for purity and origin. **PureSea®**, a sustainable, nutrient-rich seaweed ingredient, is recognised for supporting six EFSA Health Claims.

These brands exemplify **LEHVOSS Nutrition's evidence-based approach**, offering differentiated, science-led active ingredients to serve diverse health needs and applications.

Your Trusted Source for High-Quality Materials

Quality and reliability are central to LEHVOSS Nutrition, in particular to **PHARMAGNESIA®**, the dedicated LEHVOSS brand for high-purity minerals in nutritional supplements, produced according to pharmacopeia and food regulations—meeting the strictest European standards for supplements. **PHARMAGNESIA®** stands for robust quality, built on proprietary specifications, thorough documentation, HACCP systems, and long-term partnerships with qualified manufacturers. Supported by a dedicated expert European team, **PHARMAGNESIA®** is a trusted reference for premium mineral ingredients in supplements.

Essentials by LEHVOSS complements the ingredients' offer with a curated range of essential nutrients and standard raw materials, selected for quality, compliance, and reliability. **Essentials by LEHVOSS** ensures dependable solutions for day-to-day formulations, backed by expertise and secured long-term supply.

Revealing the True Value of Actives

Through clear technical and marketing documentation, transparent positioning, and application expertise, the company translates scientific and technical features into tangible product benefits, enabling brands to compete effectively while maintaining compliance and credibility.

Insights That Drive Innovation in Active Nutrition

With deep market knowledge and awareness of emerging trends, LEHVOSS Nutrition acts as an innovation partner.

From concept to market positioning, the expert sales, product management and marketing teams offer insights that help turn ideas into successful, science-based products.

The ingredients' range includes solutions for **cellular health, gut health, specialised women's health, brain support, longevity, beauty and wellness, active lifestyles, metabolic control, adaptogens and more.**

FLAVONOIDS

...AND MANY OTHERS!

Innovation, research, and quality are the principles that drive our ambition to become the benchmark partner for our clients in the supply of raw materials essential for the development and creation of products in the nutraceutical sector.

We serve both small and medium-sized enterprises as well as multinational companies, **ensuring the distribution of products that comply with safety, quality, and efficacy regulations.**

Nutratrade MAKE THE DIFFERENCE

Pharmaxima is a family-owned CDMO (Contract Development and Manufacturing Organization) based in Milan (Italy) specialized in the development and production of **food supplements, medical devices, and foods for special medical purposes.**

We've been partnering with clients across the globe for years, offering **flexible, reliable and high-quality** manufacturing solutions tailored to their specific needs.

We produce the following products:

LIQUID PRODUCTS

SACHETS

LIQUID STICK PACKS

POWDER STICK PACKS

JARS

CAPSULES

Why Pharmaxima?

Because innovation needs the right partner.

- **Full-service CDMO:** from idea, formulation and regulatory and quality support to manufacturing
- **Specialized know-how** in supplements, medical devices and FSMPs
- **Customized product development** designed around your market goals
- **Quality, reliability and speed-to-market**
